## Who We Are:

Frogfreckle.com is a informational website designed to connect customers with restaurants & bars. Our company is made of people that live and work in St. Louis. We aren't managed by a major company in another state or just a piece of a local company with other objectives, this is us! Frogfreckle is solely for restaurants and bars, nothing else.

## Why Choose Us:

*Affordable, Distinctive, and Personal.* Our main mission is to expand your business, nothing else! If something comes up last minute, we want to take care of it instantly. If something doesn't look right, we take care of it instantly. You will not "wait 3-5 business days" like most of our competition. You will speak with us directly and problems and questions are answered immediately. Our customer service will **exceed** all expectations.

## How We Advertise:

Facebook, Myspace, Picture Page, Frogfreckle Team shirts for various local sports, present at local charities (Komen Walk, Master the Met, Go! St. Louis, St. Patricks Day Race, etc), logo on NASCAR team car, YouTube, magnets on cars, handouts at local events (Cards, Rams, & Blues games), and above all else, our NAME!
